Why choose Immerse Education?

SUPERIOR CURRICULUM

Our programmes are designed by expert tutors, and advanced academic content is adapted to the interests and ability of the individual meaning that every participant is challenged to explore their own potential.

EXPERT TUTORS

Our exceptional academic tutors are at the heart of our academic programmes, with extensive experience teaching students at universities such as Cambridge, Oxford and Harvard.

INSPIRING SURROUNDINGS

Our courses take place in world-famous institutions such as Oxford and Cambridge University colleges and the University of London.

ACCREDITATIONS & AWARDS

Immerse Education was recognised by Her Majesty The Queen and received the prestigious Queen's Award for Enterprise, and we're also accredited by the British Accreditation Council.

SUPPORTIVE MENTORS

Our team are on hand to support participants 24-hours a day. Mentors share their own experience studying at top universities with inspirational energy while also creating a fun, safe environment in which participants can thrive.

FRIENDSHIPS & NETWORKING

During their time on the programme, participants form lifelong friendships with like-minded participants and the "Immersed" Alumni platform ensures that participants are able to stay connected with their friends long after their programme ends.

CLASS SIZES

With a maximum of 10 participants, our small class sizes facilitate interactive learning, collaboration and debate as participants approach academically challenging content.

TEACHING METHODOLOGY

Academic sessions are collaborative, thought-provoking and dynamic. Participants explore theory within practical contexts and discuss the ideas behind the theory whilst debates challenge students to embrace new perspectives.

Our Programmes

“ Possibly the best experience ever! I have learnt so much and made friends for life. There was not one moment I didn't enjoy, and everyone was so kind and helpful. I 100% recommend this programme, and it has most certainly confirmed my desire to study at Cambridge in the future. ”

— ROSA, 2021 PARTICIPANT

Our Programmes

At Immerse Education we are proud to offer award-winning courses that stimulate participants academically, as well as prepare them for university and beyond. Whilst native-speaking students are welcome to enrol, each course is intended for students from around the world to develop their English language skills through content and language integrated learning, by developing their understanding of subject-specific content.

Our programmes combine Oxbridge teaching methodology with contemporary content and innovative workshops that develop key skills essential for future success.

ACADEMIC INSIGHTS (PAGE 8)

Our flagship course provides a unique experience to undergraduate life at one of the most famous universities in the world, with tuition from expert academics.

CAREER INSIGHTS (PAGE 18)

Our new London course is designed for ambitious young students who want to explore their career paths whilst learning from top professionals working in fast-growing industries.

FEMALE FUTURE LEADERS (PAGE 26)

Our first ever all-female course supports young women to develop the tools required for success in the next steps of education, and beyond.

ONLINE PROGRAMMES (PAGE 29)

Our award-winning programmes are also available online, allowing students across the globe to instantly connect with their tutors from world-leading universities.

PROGRAMME HIGHLIGHTS

PERSONAL PROJECT

With the support of expert academic tutors, all participants on the Academic Insights programme complete a project during their time. Whether an essay, presentation or practical project, participants receive ongoing support before presenting their ideas to their peers at the end of the programme.

EXPERT TUTORS

Our tutors care about the academic futures of each participant. Each subject's syllabus is designed and taught by expert academics from top universities such as Cambridge and Oxford. Content is designed to introduce students to university-level subject matter, and inspire them to continue their studies after completion.

PARTICIPANT EVALUATION

Our tutors are passionate about the academic development of their students and therefore provide individualised written feedback and reflections after the programme. This provides insight into a participant's strengths, areas for further exploration, and recommended reading to further their academic curiosity.

Academic Insights

University-level tuition in Cambridge or Oxford

PROGRAMME HIGHLIGHTS

DEDICATED MENTORS

Each participant is part of a mentor group (approximately 10 students) which forms their “family” for the course. Mentors are typically Oxford and Cambridge University students, and are there to ensure that participants are able to get the most out of the programme, and provide participants with additional support in their chosen subject so that they leave Immerse feeling confident about their academic future.

1:1 TUTORIALS

Participants receive weekly 1:1 tutorials with their class tutor, designed to ensure that each individual is progressing as desired, and that students can receive additional academic support in a private setting.

GUEST SPEAKERS

Each week, students will hear from fascinating and well-respected guest speakers. Ranging from politicians to philosophers, these sessions offer participants the chance to learn from inspirational and influential change-makers.

PRACTICAL LEARNING

One of the most popular aspect of the course, is the opportunity to receive hands-on, practical experience in their subject area. Examples include dissections in medicine, robotic arm building in engineering, or visiting a museum in history.

ACTIVITIES & EXCURSIONS

A key highlight of the Academic Insights summer course is its social programme, which allows participants to make friends with like-minded peers from around the world.

The social programme includes two excursions, on-site games, sports and more - as well as three formal meals at different Oxbridge Colleges.

Academic Insights

University-level tuition in Cambridge or Oxford

AGES 13-15 & 16-18

CAMBRIDGE LOCATIONS

QUEENS' COLLEGE

Ages 13-15

July & August

Queens' College is one of the oldest and largest colleges of the university, founded in 1448 by Margaret of Anjou, and has some of the most recognisable buildings in Cambridge. The college spans both sides of the river Cam, with the world-famous Mathematical Bridge connecting the two sides.

CHRIST'S COLLEGE

Ages 16-18

July & August

The college is described as an oasis of calm in the heart of Cambridge city, including beautiful herbaceous borders and tranquil gardens laid out over four courts.

The college is noted for producing two of Cambridge's most famous alumni: John Milton, one of the greats of English literature, and renowned scientist Charles Darwin.

SIDNEY SUSSEX COLLEGE

Ages 16-18

July & August

Sidney Sussex is located in the very heart of Cambridge. Founded in 1596 Sidney Sussex is a very well-kept secret – whether its Elizabethan brickwork, charming Cloister Court, the haunting Chapel, exquisite Rococo Hall, medieval cellars or beautiful ancient gardens – they all lie behind a rather self-effacing wall of Roman cement.

Academic Insights

University-level tuition in Cambridge or Oxford

CAMBRIDGE LOCATIONS

ST CATHARINE'S COLLEGE

Ages 16-18

July & August

Founded in 1473 by Robert Woodlark, the hall was incorporated by charter of King Edward IV: "a perpetual college ... forever to remain".

The college, nicknamed "Catz", is located in the historic city-centre of Cambridge, and is notable for its open court (rather than closed quadrangle).

JESUS COLLEGE

Ages 16-18

July & August

Jesus College was founded in 1496 by John Alcock, and the cockerel college emblem represents the name of John Alcock himself.

The Chapel is the oldest university building in Cambridge still in use, and pre-dates the foundation of the College by 350 years!

MAGDALENE COLLEGE

Ages 16-18

August

Though dedicated to St Mary Magdalene, the College is actually pronounced "Maudlyn" to sound like the name of its founder, Lord Audley, in 1542.

Magdalene College sits on the banks of the River Cam, providing a peaceful setting just a few minutes' walk from Cambridge city centre.

Academic Insights

University-level tuition in Cambridge or Oxford

AGES 13-15 & 16-18

OXFORD LOCATIONS

LADY MARGARET HALL

 Ages 16-18

 July

Established in 1879, Lady Margaret Hall was the first women's college in Oxford, cementing its place in the history of Oxford University.

The college sits just to the north of Oxford city centre, idyllically situated next to the University Parks.

BRASENOSE COLLEGE

 Ages 16-18

 July & August

Brasenose College boasts one of the most enviable locations in Oxford - right next to the famous Radcliffe Camera and a short walk from the city.

Founded in 1509, famous alumni include world-leaders David Cameron (UK Prime Minister) and Malcolm Turnbull (Australian Prime Minister).

ST EDMUND HALL

 Ages 16-18

 July & August

Established around 1236, St Edmund Hall claims to be "the oldest academical society for the education of undergraduates in any university".

It is a constituent college of the University of Oxford with an amazing location to explore the city centre.

Students will be allocated to a college based on their dates and subject choice.

If you would like to stay in the same location as a friend/sibling - please let us know and we will do our best to arrange this, where possible.

Males and females will have separate accommodation.

Wi-Fi is available in every college.

For more detailed information and photos of our host colleges, please visit: www.immerse.education

“

Immerse Education was possibly one of the best experiences of my life. Before coming to Immerse, I was rather confused and puzzled about my future, but the program helped me find myself like no other program ever has before. It was the most challenging and exciting two weeks of my life. I have forged friendships and relationships that I hope will last a lifetime.

”

Ages 16-18

July

London

Max class size of 10

40 hours of tuition

Subject-based excursions

Interactive projects and workshops offer the opportunity to engage with professionals from some of our fastest-growing industries. Learning from those at the forefront of their field, participants receive practical feedback and personal career coaching to prepare them for future success.

Based in the heart of London, internationally renowned as a hub for innovation, culture and opportunity. Participants experience living in University of London accommodation, with everything the city has to offer on their doorstep.

Career Insights

A unique experience of a future career

COURSE OVERVIEW

SUBJECTS AVAILABLE

Participants choose an area of focus for each two-week programme:

- Business Management
- Engineering
- Law
- Medicine

LEARN DIRECTLY FROM INDUSTRY EXPERTS THROUGH REAL-WORLD PROJECTS

Explore concepts and share ideas in small groups of like-minded and ambitious peers from around the world. In small class sizes, participants will be guided by experienced project leads who offer insight into their industry.

PROFESSIONAL DEVELOPMENT THROUGH ESSENTIAL SKILL WORKSHOPS

Our workshops are designed to offer the tools participants need to prepare for the next steps of their education and future goals. This programme bridges the gap between education and the world of work, offering an insight into the jobs in our industries now, and in the future.

These workshops explore a diverse range of topics geared to professional development, led by world-renowned education companies and entrepreneurs.

LIVE IN THE HEART OF LONDON

With accommodation perfectly placed to explore the sights and sounds of our capital city, living in London means being connected with world-famous attractions and iconic landmarks.

A highlight of our programmes, the action-packed activities and excursions schedules to ensure students experience the city and enjoy some quality time with new friends from around the world.

Career Insights

A unique experience of a future career

AGES 16-18

SUBJECTS AVAILABLE

BUSINESS MANAGEMENT

The world of business is evolving as trends and consumer demand change.

Through project-based learning and practical study, explore the future of modern business, working to innovate and pitch a ground-breaking solution.

Industry workshops and site visits can include:

- Thorpe Park: The Resort as a Business
- Pitching Master Class with Amplify
- Dyson Institute Technology for Innovation
- Barclays LifeSkills Workshop
- Bank of England Museum
- London Assembly Meeting

ENGINEERING

Covering a range of disciplines including mechanical and structural, this programme is designed to inspire the next generation of engineers.

With a focus on cutting-edge technologies, participants explore various specialisms within this invaluable field.

Industry workshops and site visits can include:

- 3D Printing: Mars Rover Design
- Drone Coding with FUZE Technologies
- National Space Centre
- Thorpe Park: Science of Roller Coasters
- Jaguar Land Rover
- Queen Elizabeth Olympic Park

GUEST SPEAKERS

Exposure to guest speakers stimulates the next generation of leaders and innovators. An opportunity to ask questions and be inspired, this is a perfect opportunity to hone and practise professional networking skills.

Career Insights

A unique experience of a future career

SUBJECTS AVAILABLE

LAW

To study law is to learn about the ways in which we govern the personal, economic, social and political which impacts every part of our societies.

Exploring a range of fields of law, participants can then focus on one area in their projects.

Industry workshops and site visits can include:

- Corporate Law and Social Responsibility
- Barclays LifeSkills Workshop
- UK Houses of Parliament
- The Royal Courts of Justice
- Legal Writing Master Class
- Crimes That Changed History

MEDICINE

Explore real-world scenarios from the point of view of a General Practitioner.

Work alongside other academically talented participants on a journey of testing, research and diagnosis and towards a treatment plan.

Industry workshops and site visits can include:

- Red Cross Emergency First Aid
- Emerging Technology in Medicine
- The History of Médecins Sans Frontières
- The Old Operating Theatre
- St Bartholomew's Hospital Museum
- Anaesthesia Heritage Centre

FINAL PRESENTATION

Over the course of two weeks, students develop a solution to a real-world problem in their field. At the end of the programme, participants present their work in an impressive London venue and receive detailed feedback.

Female Future Leaders

AGES 16-18

An all-female programme developing modern leadership skills

COURSE OVERVIEW

Ages 16-18

July

University of Cambridge

Max class size of 10

40 hours of tuition

Modern leadership skills

The Female Future Leaders summer programme offers a multi-disciplinary exploration of leadership for engaged and motivated young women. The programme encompasses a range of subjects from STEM subjects to business and beyond.

Over the course of two weeks, you will explore a broad range of subjects at the university level, designed to support young women to build the confidence and skills of future leaders. You will discover subjects such as politics, business, law and science, through a series of interactive lectures and workshops that are designed to further their passion for learning and develop their leadership skills.

Female Future Leaders

An all-female programme developing modern leadership skills

ACADEMIC CONTENT

ALL-FEMALE PROGRAMME

Only female students may enrol on this 'all-girls' programme, with leading female academics providing an insight into leadership from a woman's perspective.

SUBJECTS COVERED

Participants experience a range subject content, designed to stimulate, motivate and encourage students to develop key personal skills essential to future success.

Whilst tutorials will discuss subjects such as business, law, politics and science, the key course outcomes involves personal growth in areas such as:

- › Public Speaking
- › Negotiation
- › Motivation
- › Critical Thinking
- › Teamwork
- › Debating

TEACHING STYLE

Tuition is provided in a variety of ways:

- Classroom-based seminars
- Guest speakers
- Small group projects
- Interactive lectures

For more detailed information and a sample timetable, please visit:
www.immerse.education

“

This was quite possibly the best two weeks I have ever experienced. All staff were incredible, and the sheer amount of activities and experiences they were able to squeeze into the two-week window was amazing. I would 1000% recommend this programme to anyone who is thinking of taking part; this has solidified my desire to study at Cambridge University full-time in the future.

— MIA, 2021 PARTICIPANT

”

Online Programmes

Award-winning programmes, now available online

As technology advances and the world becomes more connected, virtual teaching has become more and more popular with students of all ages.

Our online courses are designed to reflect the style of teaching on our residential summer schools, which in turn is based on Oxbridge methodology. Students are introduced to advanced academic content which stimulates and inspires students to develop their understanding of university-level academic content.

EXPERT TUTORS

The teaching faculty on our online courses are the same tutors who teach on our residential programmes, ensuring you receive the same high-quality teaching, regardless of the type of programme.

CONNECT FROM ANYWHERE IN THE WORLD

Our programmes use premium e-learning software that only requires a stable internet connection.

Courses also accommodate for students of different time-zones, meaning all nationalities can attend.

Online Insights

Virtual courses for students around the world

AGES 13-15 & 16-18

COURSE OVERVIEW

 Ages 13-15 & 16-18

 Winter, Spring & Easter courses

 Online

 Maximum class of 10

 40 hours of academic contact time

 Morning & afternoon classes cater for all time-zones

Online Insights transforms the highlights of our flagship 'Academic Insights' summer school onto a premium e-learning platform.

The virtual programme will lead students through an unparalleled educational experience. Participants will focus on advanced content and develop both the expertise and enthusiasm to plan for an academic future with confidence.

Students receive a combination of subject-based tuition, one-to-one tutorials, future skills workshops and social activities with students from around the world.

Online Insights

Virtual courses for students around the world

ACADEMIC CONTENT

SUBJECTS AVAILABLE

The most popular subjects on our residential programmes are available online:

- | | | |
|---------------------------|---------------------------|------------------|
| › Architecture | › Economics | › Mathematics |
| › Artificial Intelligence | › Engineering | › Medicine |
| › Biology | › English Literature | › Philosophy |
| › Business Management | › Geography | › Physics |
| › Chemistry | › History | › Psychology |
| › Computer Science | › International Relations | › Robotics |
| › Creative Writing | › Law | › Sustainability |

TEACHING STYLE

Online Insights is designed to emulate the experience of academic seminars in a university environment. Aside from daily contact with their tutors, participants will also meet current undergraduates at Cambridge University during activities, learn from visiting expert guest speakers, and engage in interactive skills-based workshops.

1:1 TUTORIALS

Whilst the majority of teaching is delivered via group classes, participants also receive two 30-minute individual tutorials from their tutor, at the beginning and end of this week.

This time is dedicated to ensuring each student is progressing at the same pace as the rest of the class, as well as to discuss future academic goals and interests.

SOCIAL PROGRAMME

A key highlight of our residential programmes is the opportunity to socialise and network with other students from around the world.

Online Insights includes a 'social hour' at the end of each day, which allows participants to get to know their classmates better, through a variety of online activities and games.

Oxbridge Online Research Programme

Develop a university-style research project with a personal tutor

AGES 13-15 & 16-18

COURSE OVERVIEW

 Ages 13-15 & 16-18

 Year-round

 Online

 Bespoke 1:1 syllabus

 5 hours of 1:1 tutorials per week

 Develop university-level skills

The Oxbridge Online Research Programme ('OORP') is designed for students who want to enhance their personal research and study skills in preparation for university, whilst also developing deeper knowledge in their chosen field.

Led by their personal tutor, students undertake a research project assessed at university-level and receive daily 1:1 supervision in addition to academic skills classes.

This course is ideal for students wanting to gain invaluable experience developing projects at university, whilst also understanding the demands of an Oxbridge degree.

Oxbridge Online Research Programme

Develop a university-style research project with a personal tutor

immerse
EDUCATION
AGES 13-15 & 16-18

ACADEMIC CONTENT

1:1 PERSONALISED LEARNING

Due to the bespoke nature of the Oxbridge Online Research Programme, students receive a personalised teaching timetable and syllabus, ensuring each student experiences a bespoke tuition package that caters for their level and academic goals. A wide choice of subjects are available, including but not limited to:

- | | | |
|---------------------------|---------------------------|------------------|
| › Architecture | › Economics | › Mathematics |
| › Artificial Intelligence | › Engineering | › Medicine |
| › Biology | › English Literature | › Philosophy |
| › Business Management | › Geography | › Physics |
| › Chemistry | › History | › Psychology |
| › Computer Science | › International Relations | › Robotics |
| › Creative Writing | › Law | › Sustainability |

RESEARCH PROJECT

A key aspect of the course is the development of an undergraduate-level academic research project, guided by a personal tutor from a prestigious university.

Depending on the subject, this project can either take the form of a 2,000 - 10,000 word essay (varies by programme duration), a practical creation, or an interactive presentation.

DEVELOP ACADEMIC SKILLS

In addition to the academic research project, students will also receive tuition in areas such as personal study, academic writing and independent research. These are transferable skills which are vital for success in higher education, and students relish the opportunity to explore a topic of their interest.

For more detailed syllabus information and course content, please visit: www.immerse.education

Accreditations and Awards

QUEEN'S AWARD

The Queen's Award for Enterprise is the UK's most prestigious business award.

Immerse Education was awarded the Queen's Award for Enterprise. To be recognised by Her Majesty is a huge honour and a testament to the unique, educational experiences we provide to students across the world.

BAC

Immerse Education is accredited by the leading mark of educational quality for the sector.

For over 25 years the British Accreditation Council (BAC) has been responsible for setting educational quality standards within the independent further and higher education sector. The BAC requires a rigorous on-site inspection that covers all aspects of the student experience including teaching, learning, health and safety and welfare.

We are proud to display this badge of quality.

BRITISH YOUTH TRAVEL AWARDS

Immerse Education was fortunate enough to be recognised as a finalist in the Best Educational Product category. Through delivering immersive, challenging academic programmes designed for ambitious youth from around the world, Immerse Education has emerged as a leader in the field.

The British Youth Travel Awards are the sector's opportunity to reward high achievers, gain recognition, and raise the profile of the work and individual successes of organisations engaged in youth, student and educational travel to, from and within the UK.

ROSPA

Immerse Education is a proud member of ROSPA

Accidents don't have to happen and Immerse Education is passionate about ensuring that our participants have a rewarding, enjoyable and safe experience on our programmes.

The Royal Society for the Prevention of Accidents (RoSPA) has been working tirelessly to change both legislation and attitudes surrounding accidents and has been instrumental in shaping our society for the better.

GEMS SCHOOL PARTNERSHIP

GEMS has selected Immerse Education to help their students gain experience of what it's like to study at university level, with award-winning academic programmes held in inspiring locations across the UK, such as University of Cambridge and University of Oxford.

If you're a student at a GEMS school, visit your UniConnect platform to find out more.

Frequently Asked Questions

WHO ARE THE ACADEMIC TUTORS?

All our tutors are experts in their field and are experienced in teaching undergraduate students. They are current or previous teaching members of top UK universities, predominantly Cambridge and Oxford, and have been carefully selected for their ability to convey their passion and enthusiasm for the complexities of their discipline, in a style that is accessible to all.

CAN I STUDY MORE THAN ONE SUBJECT AT ONCE?

The purpose of Immerse is to provide an in-depth exploration of one discipline through a variety of topics so that participants can get a real sense of what it would be like to study their subject at a more advanced level; therefore we do not offer combined subjects. Participants are able to schedule formal meetings with any of the mentors on their programme, who represent a diverse range of disciplines from Cambridge and Oxford universities, where they can gain insight into a different subject.

IS IMMERSE EDUCATION PART OF OXFORD/CAMBRIDGE UNIVERSITY?

Immerse Education is not affiliated with Cambridge University nor Oxford University.

WHAT WILL I DO OUTSIDE OF ACADEMIC SESSIONS?

Our academically rigorous summer programmes are carefully balanced with a range of social and cultural opportunities for participants to meet other students from all over the world and form new friendships to last a lifetime. Our 'Immersed' alumni list punting and the weekend excursion to London as two of their favourite activities.

As well as these scheduled events, participants have free time in which to explore their local surroundings, relax with fellow participants, or take some time for private study or to work on their personal project.

WHAT IS YOUR COVID-19 POLICY?

In spring 2020, the world changed with the outbreak of the coronavirus pandemic.

We are regularly checking government advice, and any residential programme will take place in line with official health and safety guidelines.

This prospectus was published in September 2021, so please visit our website for our most-up-to-date policy.

CAN YOU CATER FOR DIETARY REQUIREMENTS?

Yes, the on-site catering teams can cater to most medical and religious dietary requirements. Please inform us of any dietary or medical conditions well in advance of the programme so that we can ensure that all relevant staff members are aware.

CAN YOU HELP ME GET FROM THE AIRPORT TO THE COLLEGE?

We offer a shared airport transfer service for participants travelling from London Heathrow Airport, and back again at the end of the programme. This is a chaperoned service by Immerse Education which will be available to request after enrolment for an additional fee.

For students arriving at other airports we are happy to provide further advice regarding arrivals and departures from the summer programmes.

WHEN IS THE ENROLMENT DEADLINE?

Places on our programmes are awarded on a first come, first served basis with class sizes capped at a maximum of 10 participants. We therefore strongly recommend enrolling early in the academic year to avoid disappointment.

HOW DO I ENROL?

To enrol please visit www.immerse.education/enrol/ and complete the participant information there. A £695 deposit is payable at the point of enrolment and your place is secured once you receive a formal confirmation of enrolment from us.

MY QUESTION ISN'T LISTED HERE

Please get in touch with enquiries@immerse.education and a member of our team will be very happy to help.

Enrolments

ENROL ONLINE NOW:

“

A fantastic, well-organized summer school. High-level academic sessions, abundant in practical activities and exercises. Great afternoon activities, such as punting or scavenger hunt, allowing to explore the beautiful city of Cambridge. The Summer School helped me establish amazing friendships with people from all over the world.

”

— MARIA, 2021 PARTICIPANT
